TOP PLACES TO SUBMIT

In Google, type in any of the following search strings:

- "powered by wordpress"
- "leave a reply"
- "leave a comment"
- "powered by blogengine.net"
- "enable commentluv"

TIPS

- Install Firefox Plugin [Search status](#) to check if the blog is "Do Follow". Refer to the illustration below:

- Install SEO Quake Firefox Plugin - <https://addons.mozilla.org/en-US/firefox/addon/3036/> to easily identify the high page rank blogs. Refer to Method 7 – Forum Profile for using screenshot of using SEO Quake.
- Provide useful content and do not spam the blog, so that your comment will have higher chance to get approved. Else you will be wasting your time and effort to do the blog commenting.
- If your comments get rejected even after you provide valuable comment, the reason could be you only put the keyword in the name field. Try something like "Your name – Keyword" in the name field instead of just "Keyword". Eventually, the name field is for the input of your name, not the keyword.
